

How to download and setup Metamask?

1. Go to <https://metamask.io/download/> scroll down and select the browser you are using.

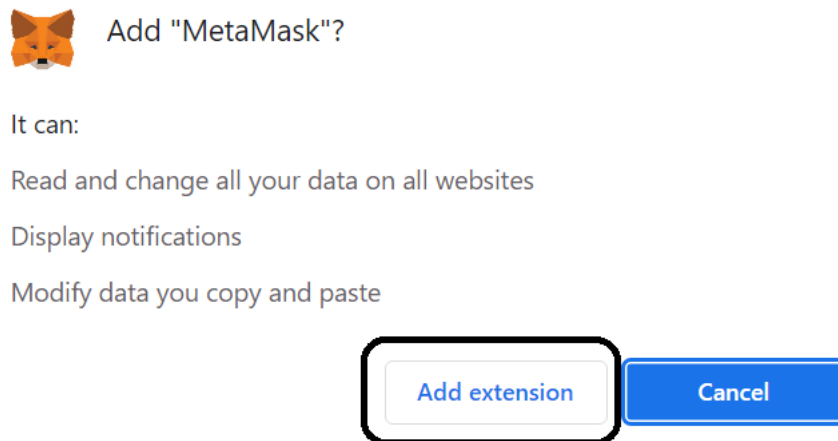

2. Click add to Chrome

[Home](#) > [Extensions](#) > [MetaMask](#)

3. You'll see the following message. Click "Add extension" and the download will start.

4. Metamask extension is now added to Chrome. Next you will click "Get started"

Welcome to MetaMask

Connecting you to Ethereum and the Decentralized Web.

We're happy to see you.

Get Started

5. Click "Create a Wallet"

New to MetaMask?

No, I already have a Secret Recovery Phrase

Import your existing wallet using a Secret Recovery Phrase

Import wallet

Yes, let's get set up!

This will create a new wallet and Secret Recovery Phrase

Create a Wallet

- Next you have to choose if you want to give Metamask right to collect usage data. Accepting or refusing this will not affect your MetaMask usage.

Help us improve MetaMask

MetaMask would like to gather usage data to better understand how our users interact with the extension. This data will be used to continually improve the usability and user experience of our product and the Ethereum ecosystem.

MetaMask will..

- ✓ Always allow you to opt-out via Settings
- ✓ Send anonymized click & pageview events
- ✗ **Never** collect keys, addresses, transactions, balances, hashes, or any personal information
- ✗ **Never** collect your full IP address
- ✗ **Never** sell data for profit. Ever!

What is a Secret Recovery Phrase?

Your Secret Recovery Phrase is a 12-word phrase that is the “master key” to your wallet and your funds

How do I save my Secret Recovery Phrase?

- Save in a password manager
- Store in a bank vault
- Store in a safe deposit box
- Write down and store in multiple secret places

Should I share my Secret Recovery Phrase?

Never, ever share your Secret Recovery Phrase, not even with MetaMask!

If someone asks for your recovery phrase they are likely trying to scam you and steal your wallet funds.

9. Your secret recovery phrase will be shown once you click lock icon. Write words in a correct order and store them somewhere safe.

< Back

Secret Recovery Phrase

Your Secret Recovery Phrase makes it easy to back up and restore your account.

WARNING: Never disclose your Secret Recovery Phrase. Anyone with this phrase can take your Ether forever.

Remind me later

Next

Tips:

Store this phrase in a password manager like 1Password.

Write this phrase on a piece of paper and store in a secure location. If you want even more security, write it down on multiple pieces of paper and store each in 2 - 3 different locations.

Memorize this phrase.

[Download this Secret Recovery Phrase and keep it stored safely on an external encrypted hard drive or storage medium.](#)

10. Confirm your secret recovery phrase by clicking the words in right order as shown in previous step.

Confirm your Secret Recovery Phrase

Please select each phrase in order to make sure it is correct.

This interface shows a confirmation step for the secret recovery phrase. It consists of a large rounded rectangle containing four smaller rounded rectangles in a row. Each of these four boxes contains a word that has been obscured by black noise. Below the first box, the word "memory" is displayed in a blue font, indicating it has been selected.This interface shows a confirmation step for the secret recovery phrase. It consists of a 3x4 grid of rounded rectangles. Each cell in the grid contains a word obscured by black noise. The word "memory" is visible in the second row, third column, and is highlighted with a blue background, indicating it has been selected.

11. Wallet setup is now ready. Click "All Done" to see your wallet.

Congratulations

You passed the test - keep your Secret Recovery Phrase safe, it's your responsibility!

Tips on storing it safely

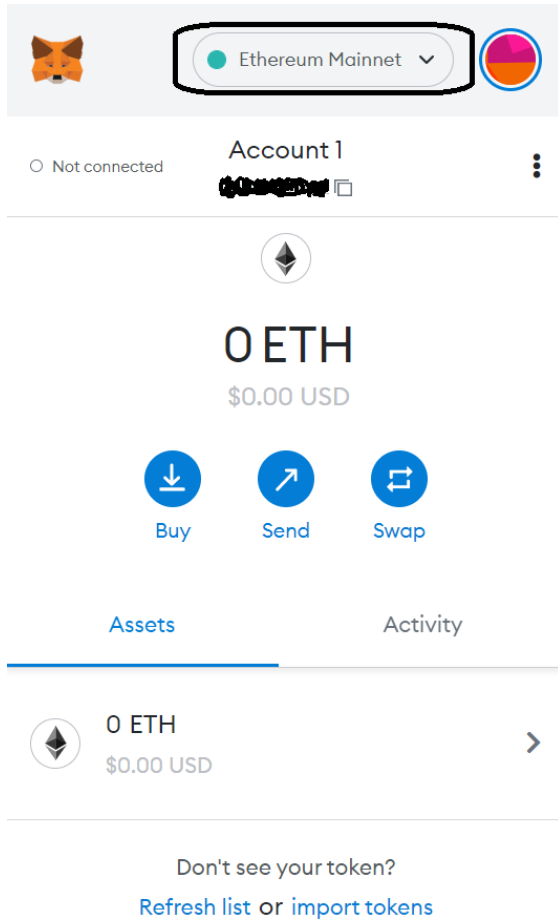

- Save a backup in multiple places.
- Never share the phrase with anyone.
- Be careful of phishing! MetaMask will never spontaneously ask for your Secret Recovery Phrase.
- If you need to back up your Secret Recovery Phrase again, you can find it in Settings -> Security.
- If you ever have questions or see something fishy, contact our support [here](#).

*MetaMask cannot recover your Secret Recovery Phrase. [Learn more](#).

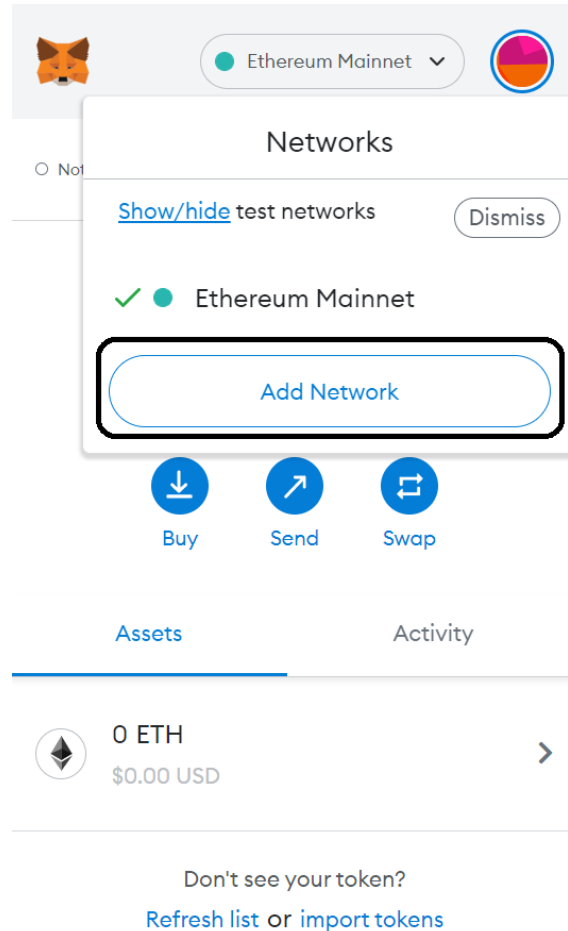

How to add Binance smartchain to Metamask?

1. Click the network dropdown menu.

2. Click "Add Network"

CONTINUE TO STEP NO 3 BELOW

3. You'll need to add the following details. Then click "Save" and you are ready.

The screenshot shows the Metamask interface for adding a new network. The title is "Settings" and the sub-header is "Networks > Add a network". A warning message states: "A malicious network provider can lie about the state of the blockchain and record your network activity. Only add custom networks you trust." The form contains the following fields:

- Network Name:** Smart Chain
- New RPC URL:** https://bsc-dataseed.binance.org/
- Chain ID:** 56
- Currency Symbol:** BNB
- Block Explorer URL (Optional):** https://bscscan.com

At the bottom, there are two buttons: "Cancel" and "Save". The "Save" button is highlighted with a black border.

Network Name: Smart Chain

New RPC URL: <https://bsc-dataseed.binance.org/>

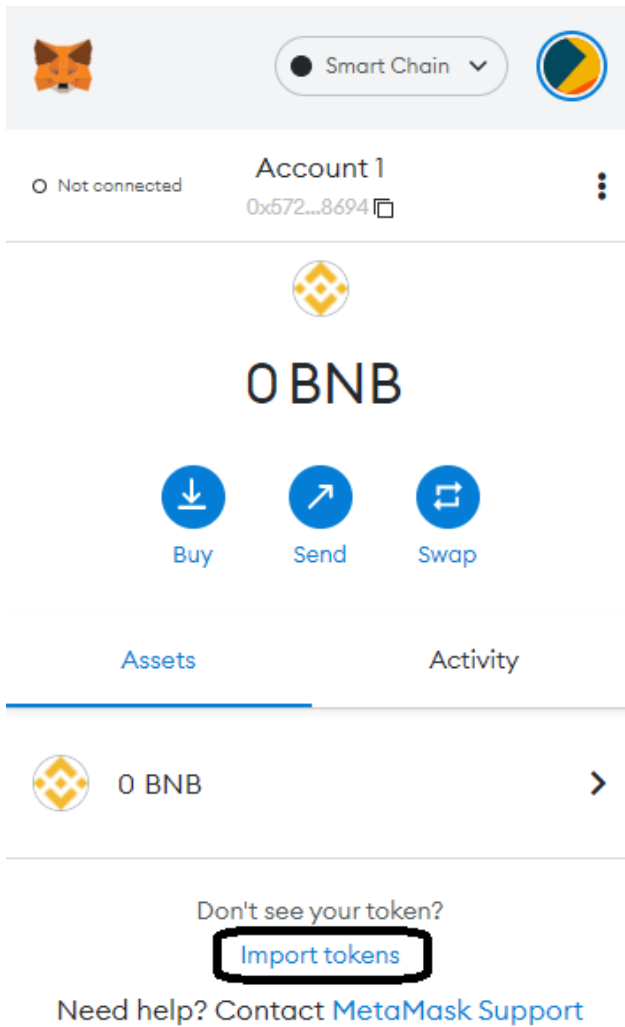

ChainID: 56

Symbol: BNB

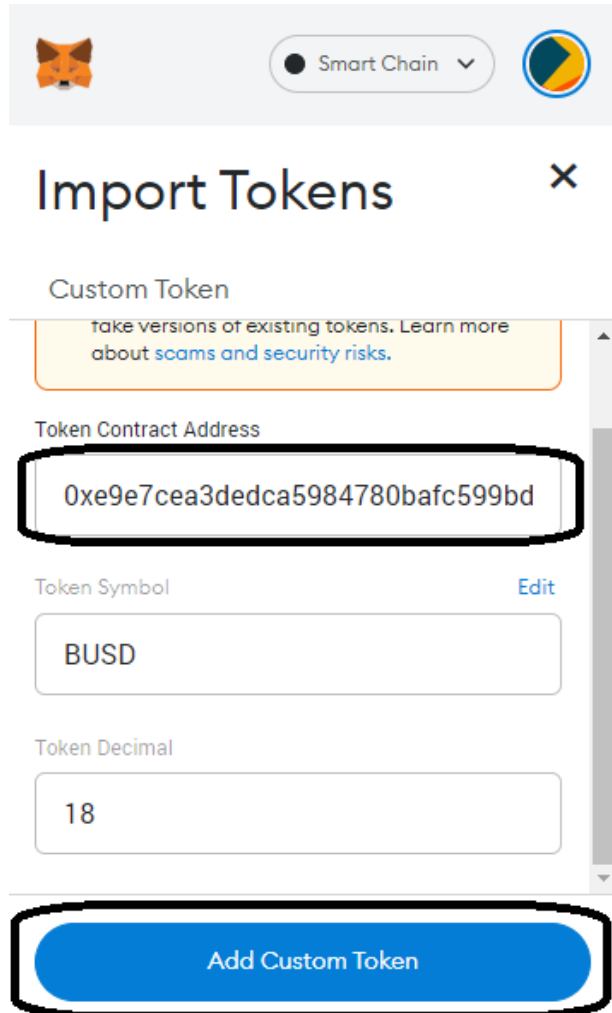

Block Explorer URL: <https://bscscan.com>
